

THE BRECKENRIDGE NEWS.

VOL. XIV.

AMOS

WRITES FROM HIS WELL-CONCEALED AND PICTURESQUE HABITATION ON THE MOUNTAIN SIDE.

He Is Growing Old and Bald Headed, but Still Has an Eye for the Beautiful Women of the Valley.

Dean Jones — Encouraged by that dear little sheet, the News, which calls so vividly to mind the associations of our earlier and happier days, I am induced to write you again, though it may break in an unpleasant way upon the reveries of your declining years; for you may not be the John of long ago; it is well that time has wrought changes in us all, and I feel safe with old men. When I face the mirror now and stare away back toward the vast prairie that decks my silvered countenance, I feel surprised that my nature, tastes, etc have not changed too. If there is a change in my attachments, it is not so apparent as the foot prints left by the stealthy creeps of time upon my wrinkled visage.

No, please, to whom I must get off, as your other correspondents do, by saying that the young bucks of this halibut are very much elated at the presence in this neighborhood of the beautiful and accomplished Miss Josephine Snodgrass, who is visiting her uncle, Josh Pillaberry, but can afford to let go for such people as the good worth like myself, is wholly ignorant of the fact!

But, oh! there is a truth I can tell you, however little the world may know of it. In a picturesque spot on the mountain side, just west of our cabin, lives a genial and pleasant couple whose hearts are aglow with humanity, and who are known as Junius and Mary Atwood. At t' eir parsonage, however, we are not far from the queen's little bairn, Miss J. Knott, direct relative of the immortal J. Proctor Knott. You may talk about your stout backs and your love-sick swains, but if Mort hasn't got 'em, then I'm gone. Well, I hope from her lofty perch sh'll look down with complacency upon us as waddles his fa' little self about our shanty.

There, together with our large family, we are in the quiet enjoyment of our country business like your other friends, do and I don't know but I would be better pleased with them if they were more elaborate. When I speak of those angelic creatures called women, it seems impossible for me to stop at the one designation, Min.

I am still batchin'; no females has as yet discovered my uncombed habit, but I am beginnin' to regard this as a safe港, where I am likely to escape the ordeal. Dr. Parks has just passed thro'. He was led into a matrimonial mishap by the wily charms of a little beauty hard by. I plead with him some years ago in the far off Southwest to linger in that sunshiny place, but he headed me not; so he is my debtor for the happiness he er'gy to. I hope that his fair one will live a long and happy life and that many little responsibilities may spring up to his declining years.

Your nameless correspondent at Webster voiced the unanimous sentiment of this section when he named a man as delegate to the proposed Constitutional Convention. We want a pure man, a man of education, a man of wealth, a man of character, who find us in Judge J. Alton Morris. Don't let him see this; he is a mode man, and these plain expressed feelings of the people would bring a blush to his cheek. Yours &c,

AMOS.

A Pleasant remedy for the disorders of the stomach is Laxator, the "golden" kidney remedy. Price 25 cents. Sold by all druggists.

"It is safe." All those who have the future happiness of children at stake, should know that Dr. Bell's Baby Syrup contains nothing injurious.

A Pleasant Affair.

The hop gun at Union Star Friday evening, Feb. 14th, by Messrs. Hayes, Richardson and Shelman, was quite an affair, and the audience was large.

Afterwards, a number of young people assembled and enjoyed themselves hugely. Among those present were Mr. and Mrs. C. S. Croson, Mr. and Mrs. R. W. Vaughan, Mrs. Sallie Richardson, Missie Howe, Pukie Bicketts, Bettie Shelman, Esther Haynes, Con. Richardson, Maggie Cart, Lillian Bell, Harry, Maggie, and the Magic Beauchamp, Nannie Cashman, Bob Kickets, Alice Cart, Susie Shelman, Blanche Severs, Lena Richardson, Mattie Miller and Stella Michison; Miss Lora Goldstein, of Henderson; Miss Nira Hall, Hardinsburg; Mrs. Isaacs and Miss Oslee, Stephensport; Messrs. G. E. Richardson, James A. French, Robert French, O. C. Thompson, and J. M. D. Thompson; A. M. Hardin, Arthur Hayes, R. A. Shelman, J. C. French, Constand Crosson, G. A. Shelman, G. R. Cox and R. A. Robertson; G. A. Hendry and Rosanne Bruner; Preston; Forrie Rhodes, Paynesville; Archie English Joly and H. J. Kurtz; Webster; Graham Joly; Sample; Dr. Goldstein and Hewitt Hawkins; Stephensport.

Cutting.

Many persons have an idea that plants must not be cut back, no matter how straight and branches they may grow. It is true in a particular case, but in most cases, especially those against cutting back fuchsias, saying that "it was altogether wrong and injured the plant" is kind of a lie. For instance, we can cut back all fuchsias that did not themselves grow bushy. Abutilons are generally disposed to grow tall and bushy, and we can cut them back to six inches in height before we harm them about three inches. Directly two branches start out, however, we must cut them back again. Twice, sometimes three, branches start forthwith.

To allow the plant to grow and bud until quite large, when we frequently do a little pruning. It is then that, by cutting back plants, we may be blighting a period, because we can cut back all fuchsias that did not themselves grow bushy. Abutilons are generally disposed to grow tall and bushy, and we can cut them back to six inches in height before we harm them about three inches. Directly two branches start out, however, we must cut them back again. Twice, sometimes three, branches start forthwith.

No Place for Me.

"Where's the nearest fire?" asked a nervous man of a big Chestnut street policeman.

"Fire? There isn't any fire I know of."

"Well, where's the best block to see people killed by the electric wires?"

"What's the matter with you?"

"Ain't there any riots handy?"

"No, sir, there aren't any riots handbagged?"

"See here, have you escaped from some lunatic asylum?"

"Yes, I have come from New York. You're sure there isn't a few old women or children run over by trucks some where?"

"I think I'll take you in!"

"You'd better mind, master. Just direct me to the nearest railroad depot and I'll get out of the town fast enough. There are no home comforts here for me!"—Philadelphia Enquirer.

Terrible of the liver, and bowel, cause headaches and the failure of all desire for food.

Appetite Gastroenteritis, the disease of the stomach, liver and bowels, cure headache, and restore the appetite.

CLOVERPORT, KENTUCKY, WEDNESDAY, FEBRUARY 26, 1890.

NO. 31.

A MOUNTAIN OF GOLD.

HISTORY AND WONDERFUL WEALTHS OF A MINE IN CENTRAL KENTUCKY.

GOLD is the title which has been justly given to the great Mount Morgan gold mine, situated in Central Kentucky, which is paying dividends. The history of the mine which has only been fully developed during the last year or two, certainly is the most remarkable portion of the history of the State. The mine is the richest in the world, and its value is greater than all the gold produced for its cattle.

A component of The Morgan Mining Company, which visited the mine with the miners who part with it to the Morgan. He said he had always believed the mountains to be of tremendous, and never knew of the formation of the mine, nor the value of the gold.

"Cigarettes for ladies smoking" are sold in Louisville, provided with special prepared mouthpieces. They are sold at 25 cents each and violet, and they are enjoying a very extensive sale.

The price of the pieces of ivory may be described by the statement that the great new firm in Sheldene, Rodgers & Son used to pay \$2000 a ton, but they have lately paid to us for 2000 tons, and in some cases as high as \$22,000.

A petrified apple was discovered at Harlan, Ky., a few days ago by a boy. It had a worm hole in it, and the worm was found to be a fossil.

"Cigarettes for ladies smoking" are sold in Louisville, provided with special prepared mouthpieces. They are sold at 25 cents each and violet, and they are enjoying a very extensive sale.

Russian officials have decided that the telephone is "dangerous to the state." In Warsaw, orders have been given that telephones should be taken down and destroyed.

Russian officials have decided that the telephone is "dangerous to the state." In Warsaw, orders have been given that telephones should be taken down and destroyed.

Fisherman's knitting needles carried between Genghis Khan and Grottoes at 5¢ per pair and third class passengers for half the money, and this cheap traffic is considered so valuable that the passenger is willing to pay \$1000 for it, one company having recently spent \$600,000 in order to obtain a better share.

The wool carding astragals are twined by hand, and the carding machine with needles, the frame and the wooden board are all made by hand.

William Pitt delighted to romp with his daughters, who were trying to blanch his face with a burr oak. A servant announced that the Queen was coming to see him on business. "Leave them with me," said Pitt, "I'll catch up a cushion and lay them on the floor, and then I'll lay the Queen down beside them." The Queen lay down beside them, and the girls lay down beside the Queen.

Mr. Battia, an eminent London physician, used to amuse himself by gazing at the Punch and Judy show. He was once asked what he thought of the mimic of "Punch" that he once saw a patient's life by imitating that character. The man was a patient from a neighboring town, and the doctor turned his wig, appeared at the bedside with the face and voice of "Punch." The sick man laughed heartily, and the doctor said, "If you can make a complete cure follow." Men is the only man who can laugh; he, therefore, relishes a little nonsense.—Yesterdays Companion.

ODDS AND ENDS.

AN ILLINOIS PHYSICIAN ADVERTISES: "The poor never refused."

THE DEEPEST bore hole in the world is in Schiedenschen, 5,734 feet. It took a diamond drill three years and a half to reach the bottom.

ONE of the first bills introduced in congress at the present session provided for the expense of 100,000,000 dollars for the next twelve years for coast defense.

"Cigarettes for ladies smoking" are sold in Louisville, provided with special prepared mouthpieces. They are sold at 25 cents each and violet, and they are enjoying a very extensive sale.

AT THE INDIAN CEMETERY on Indian hill, near Portland, Conn., the other day, John R. Nease, a man of 70, who had been a soldier liberally provided with military utensils. There were several bottles, an iron kettie, a tin cup, a tin plate, a tin kettle, a tin Dutch oven. The human remains, which were joined along the roughest of the roads, through "puddocks" of 500 acres, with the bones of the dead, were laid to rest in the grave which the gun trees overhung.

MR. IRVING'S views on the question of whether the use of opium is a good or bad practice are very encouraging to opium aspirants. Of the total number of actors in England, estimated to be above 20,000, he expresses the opinion that not more than 1000 would be inclined to use an opium for a year.

A first class composition for cleaning marble is made of soap, water and oil, adding white wine to the soap will fit it to a like good; then put it on the marble and leave it for a day or two—the longer the better, as the dirt is easily taken off, all the stains will be removed.

For County Attorney, Judge Milton Board.
For County Clerk, J. E. Monarch.
For Sheriff, J. S. DeJeserte.
For County Sup't of Schools, Jas. W. Miller.
For Jailer, John Stoton.
For County Assessor, Len Cashman.
For County Surveyor, F. M. C. July.
For Coroners, W. R. Pendleton.

CHICAGO has captured the World's fair.

George Bancroft, the historian, is now 90 years old, with his mind unimpaired.

Does anybody know where the tail end of that Republican ticket is to come from, or does anybody care to know?

The Russian government has ordered the great railway line across Siberia to be begun in May. When the line is completed it is estimated that a tour of the world in fifty days will be feasible.

The work of unseating Democratic Congressmen elected from the Southern States still goes on at Washington. Bon Reed and his gang are running things to suit themselves now, but it is a long lane that never turns.

OWENSBOO'S natural gas boom is a thing of the past. What was left of the Missouri's net for leases and things visionary, imaginary, and absurd, and otherwise she got left on natural gas. It ain't that, and never was.

SAXTON Vorhees, in a public interview the other day, says he will support Gov. Gray, of Indiana, for the vice-presidency in 1892. The coming battle reminds him of the party, and in order to win should be unusual harmony.

The notorious little dried up Bill Chandler was notified in the United States Senate the other day that he was one of the "visiting Statesmen" who sneaked into Florida in 1876 and stole the electoral vote for Hayes. Bill didn't deny it.

THE NEWS has just contracted for a nice, interesting little story for the number one issue of the new year. We have 300 subscribers to our subscription list, we propose to give the most choice reading matter to be had for a county weekly.

The Legislators ought to let it is Capital removal business alone. It is good enough right where it is, and should remain there. The best thing the Legislature can do is to make liberal appropriations to the State buildings and have them erected at once. The present ones are a disgrace to the great State of Kentucky.

PRESIDENT McCracken's branch road running from Lexington to the latter point. It goes into a heavy timber section and an extensive business awaits it. May, moreover, interfere with the Eastern roads leading to Louisville, as it will be the most direct route East for all of the coal, mineral, timber, etc., in the Fordville section.

THERE were only 315 passengers killed in American railroad accidents last year, says an exchange. However, there were more than 1,000 deaths, and there have been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

CITY Assessor Ramsey should make a note of the prices asked for vacant lots in this city.

ELIAS Mounts, one of the McCoy murderers, was held at Pikeville, Ky., last week in the presence of over 4,000 people.

The discussion over the proposed site for the World's Fair has been going on in Congress for several days. New York seems to be the favorite.

It is claimed by the Democratic press of Indiana that the new school book law of that state will save the people \$1,000,000 this year in the purchase of books.

The total assessed value of taxable property in Hardin county for the year 1889, as shown by the Assessor's books, amounts to \$3,650,260, being an increase of 16 per cent. over the assessment of 1889.

The Tenth district has a very able representative in the State Senate in Mr. J. H. Wortham, of Letchfield. How wide is the representation between him and his colleague, Dr. Byrd, a Republican who represented the district two years ago! During his entire Senatorial career, if Byrd represented a single public measure of any general importance, we can't recall it now. Mr. Wortham, on the other hand, is full of business in Frankfort and has offered a number of important measures in the Senate for passage. Mr. Wortham is a Democrat, a lawyer and a scholarly gentleman in the district, and we predict that his constituents will never regret having conferred the honor upon him.

The Republicans give it up. Postmaster General Davis has no chance for a nomination by his party in 1892. He couldn't carry his own State. Bon Reed and his gang are running things to suit themselves now, but it is a long lane that never turns.

OWENSBOO'S natural gas boom is a thing of the past. What was left of the Missouri's net for leases and things visionary, imaginary, and absurd, and otherwise she got left on natural gas. It ain't that, and never was.

The laying of the corner stone of the Hardinsburg city hall took place last Saturday, according to announcement. Owing to the inclement weather, but very few people were present and the exercises were brief.

The Hardinsburg Dramatic Company will play "Uncle Tom's Cabin" during April court week, by time they hope to have their new hall completed.

Mr. James G. Haswell lectured to the students in Prof. Shadlock's school last Thursday. His subject was "The Growth of the Legislative Department of the State and Nation."

price to our paid up subscribers.

LOCAL BREVIETIES.

The pay train passed down yesterday.
Read the News' list of gifts on fourth page.

Steam was raised in the machine shop yesterday.

The famous Orang Blossom for sale by G. W. Short.

James C. Pearce, Constantine has been granted a pension.

Major Hambleton will hold his regular quarterly court next Monday.

A bill has passed the House, doing away with Liberty Ball voting precinct, this county.

Farmers who want to raise hogs successfully should read J. E. Moorman's advertisement in this issue.

The new passenger train was five hours behind time yesterday, so the weather is a bad side just above Hawesville.

Mr. Alex Shellenbach, one of the oldest and best citizens of Union Star, is reported very sick and not likely to recover.

Mrs. H. A. Dunham's little daughter died at Owensboro last Wednesday night, after a long illness. She was eight years and five months old.

The Directors of the Commercial Club requested to see J. E. Moorman's advertisement in this issue.

Who struck Billy Patterson, we can not tell; but we can possibly assure you that if Granter's magic chicken cholera fails, your money will be refunded by G. W. Short.

Look out for a flood. The river is already very high and nearly out of its banks, and the recent hard rains of the last two days make the situation alarming. People along the lower creek bottoms better prepare to prove for the water.

Rev. J. M. McCrae, brother-in-law of Mrs. Wm. McCrae of this city, died at his home in Ness City, Kansas, Feb. 10. Mr. McCrae was known to many of our citizens, who will remember him as pastor of the Presbyterian church here many years ago.

News has contracted with W. S. Ashby, proprietor of the Highland Inn, for forty, \$1000. The bill will be sent to us in ten days and we will then pay to our paid up subscribers. Don't let your time expire if you want to share in our Grand Gift Distribution.

There was quite a delegation of miners in town Saturday from Victoria, Mr. Peter's the mine boss, says it is impossible to get a miner to work on a national holiday, more important how their hour he works. He says he can't get a man to work right and day, and with all of this force he can't do any thing with orders.

Messrs. J. P. Sulzer & Co. and Wm. Vest & Sons, the only merchants in this city that advertise regularly in the News, say they are satisfied that it pays, as they are receiving every day handsome returns in the way of increased trade.

Mr. J. M. Hargan, foreman of Sulzer's Tin Zinc Department, will visit Cloverport again about March 12 to 15. He will carry with him a line of samples representing a stock of piece goods, which comprises all the standard and fancy styles produced this season. He will be pleased to meet you at our store at the above date and will be happy to answer your orders.—J. P. Sulzer & Co.

The bobbin factory is a fast one at Cloverport. The ground has been secured near the machine shops, the machinery has been ordered shipped and the work will proceed as soon as Dr. Newson is to be commanded for his public spirit and his work in securing this enterprise for the town. The next thing in order now is the barrel and stave factory. Cloverport is moving slowly, but she is getting there all the same.

Rev. Steve Holcombe.

This is a fast one at

Cloverport. The ground has been secured near the machine shops, the machinery has been ordered shipped and the work will proceed as soon as Dr. Newson is to be commanded for his public spirit and his work in securing this enterprise for the town. The next thing in order now is the barrel and stave factory. Cloverport is moving slowly, but she is getting there all the same.

Rev. Steve Holcombe.

This well known and remarkable man began a series of meetings in this city last Monday night and will remain with us until Friday.

His first address gave an account of his life while a professional gambler and the "chief of sinners," and was in the infinite style of "Stev" Holcombe, which is peculiar to himself alone. His account of his conversion from this wicked way was impressive while very simple. A lecture called while in town in pleasure and amusement, and set to music.

A touch of human and christian sympathy reached down into his soul, and waked it into a realization of his life and its consequences.

So that the house was packed does not express it. The crowd overflowed the side wall in front of the church, and all indications point to overflowing houses during the coming services.

To say that the house was packed does not express it. The crowd overflowed the side wall in front of the church, and all indications point to overflowing houses during the coming services.

He is the original charter of this company is defective, and that additional legislation is necessary in order to raise funds to pay the principal and interest of the county bonds (\$60,000) voted in aid of that road. No provision was made in the charter and no power was granted to levy a tax or to borrow money, but the charter and as the law stands, will be held in a condition that it can be used at all, and I would suggest first, that the council establish the correct line of said street and fix a standard width for the sidewalks thereon; second, have the railroad company to grade the south side of said street and the north side of the road, and then lay a track across the middle of the street, and let the railroad company take care of the rest.

Then I would suggest to the council to

allow the railroad company to

fix a standard width for the sidewalks thereon, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the side walk be cut down until they are four inches below the center of the street, which is to slope to a depth of one foot in twenty to the curb line; and that the curbing, wherever there is a curb, be made of green stone, the stones, the top of which will be flush with the outer edge of the side wall, substantially as shown in the figure. I would also suggest that the

Indigestion

Is not only a distressing complaint, of itself, but it is one which becomes depraved and the system enfeebled. It is the parent of innumerable maladies. Dr. Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, as proved by the following testimony from the Lake of Brockway Centre, Mich.—

"Liver complaints and indigestion make me feel like a dog, and ending my existence. For more than four years I suffered untold agony, was prostrated, and could not stand. My strength to drag myself about. All the time I did nothing but lie down, the most delicate could be digested at all. Within the time mentioned several physicians were consulted and advised. Nothing that I took seemed to do any permanent good. I was compelled to give up Dr. Ayer's Sarsaparilla, which has produced wonderful results. Soon after taking it I found Dr. Ayer's Sarsaparilla I could see an improvement in my condition. My appetite returned and with it the desire to digest all the food taken, my strength increased, and I paid more attention to my health. I found myself in a position able to perform my household duties. The medicine has given me a new lease of life."

Ayer's Sarsaparilla,

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Price \$1; six bottles, \$5. Worth \$5 a bottle.

TITLE

Forger's Bride!

—BY—

ROSE TERRY.

It will shortly appear in this Paper.

Finely Illustrated.

Pertinent Paragraphs.

(The Critic.)

Senator Wortham has shown unusual ability for a new legislator. He has taken high rank in the Senate.

Governor Buckner—I did not suppose me when the horns were stirred up. My message dealt solely with facts shown on the records. I have simply done my duty.

Captain "Jack" Gross—I don't believe you can stop gambling. There is something in the Kentucky nature that makes them love the sport. If a man wants to gamble, why, I say let him gamble.

Secretary-State Matt Adams—I am going to Pineville to attend court and also to dispose of some mountain land for a client of mine. My injured leg? Oh, its doing splendidly. I'll have an artificial foot in a few weeks and will be difficult to recognize when I go to the grand golf meet.

Ix-Tremor Sharpe cleared about \$15,000 in one transaction at Middlebury. This one glorifies all of the boom towns. S. S. is undoubtedly the greatest blood purifier today on the American continent.

John Bullard

No. 14 North State St., Chicago, Ill.

Treatise on Blood and Skin Diseases made free.

SWIFT SPECIFIC CO., Atlanta, Ga.

The Jefferson Davis Monument.

After the battle of Resaca, General Zachary Taylor, whose daughter married Jefferson Davis against her father's wish, is said to have remarked to the then Col. Dr. King, "Colonel you have saved the day. God bless you." When Doolie would have you, she was a better judge of a man than I was." Undoubtedly those words of the bluff old Mexican and Indian fighter, excited the memory of many native southerners toward their old general who is an interloper with their history.

Whatever a purchaser can possibly want that is rich and fine as well as useful and cheap, he expects to find described for him in the paper.—Philadelphia Times.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed.

Hence it is that much is heard in praise of Electric Bitters, which many feel to be the best remedy for the cure of one of the Great Alkalies and Tonics. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 per bottle at G. W. Short's, Cloverport, Ky and J. A. Witt's, Hardsburg, Ky.

ROCKVALE.

La Grippe! La Grippe! Will it never cease?

The doctor will not be at Mr. Dean's. The physician is the parent of innumerable maladies. Dr. Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, as proved by the following testimony from Mrs. E. Dean, who has been quite ill for several months past, we are glad to report much improved.

Our representative, Tice Jolly, was visiting home last week. I heard a young lady say that it would never do for him to be a bachelor.

Bro. Chas. Reed preaches at Gaben church every Sunday.

Mr. Veasey Moorman return'd Monday from Louisville, where he has been attending school.

Misses Ella Oken and Anna Dean went to Louisville last Monday to be absent over the week. Look out for the wedding bell.

Mr. Henry Delavan, of Millwood, Ky. was the guest of Mr. add Mrs. W. R. Moorman Sunday.

Mr. Chas. Bland is visiting the family of Mr. E. Dean.

The Wheelers met at Rock Lick last week.

Can any one tell me the emblem of a four-leaf clover?

Who was your valentine?

I was persuaded by a friend to try "Salsaparilla" (the drink and headache). I found it a great relief in both applications. I sincerely recommend it to all who like likewise. J. H. McGIBBEE

To unfortunate chit chatters we recommend the timely use of Dr. Ball's Cough Syrup, 25 cents.

Virtue of Red Underwear.

The popular belief in the sanitary efficacy of red underwear is a clinging superstition, nothing more. Red was in ancient times considered a potent charm against the evil eye. At one time in the sixteenth century, when the evil eye was esteemed to be especially triumphant in England, there was a boom in red tape which people to this day believe was experienced by the evil eye. In the sixteenth century, when the evil eye was still prevalent, this requires long practice, as nothing else day after day but making violence. The inhabitants, from the little girl to the gray headed woman, and the old grandmother, all are engaged in making some sort of a fiddle, a good fiddle. The older men make the finger board from ebony, and the string holder or the sound post. The small boys make themselves a red bow and arrow, and a young girl with strong, steady hands and a clear eye puts the different pieces together, and this is done.

The women generally occupy themselves in knitting, Kilkenny, Paisley, and Irish Green, Saxon, about 18,000 persons who do nothing else day after day but make violence.

The inhabitants, from the little girl to the gray headed woman, and the old grandmother, all are engaged in making some sort of a fiddle, a good fiddle.

The women generally occupy themselves in knitting, Kilkenny, Paisley, and Irish Green, Saxon, about 18,000 persons who do nothing else day after day but make violence.

The inhabitants, from the little girl to the gray headed woman, and the old grandmother, all are engaged in making some sort of a fiddle, a good fiddle.

The older men make the finger board from ebony, and the string holder or the sound post. The small boys make themselves a red bow and arrow, and a young girl with strong, steady hands and a clear eye puts the different pieces together, and this is done.

The women generally occupy themselves in knitting, Kilkenny, Paisley, and Irish Green, Saxon, about 18,000 persons who do nothing else day after day but make violence.
